

Footprints in the Community is a nonprofit 501c3 charitable organization based in Salisbury, NC. Our mission is to improve the lives of families of children with disabilities through participation in community activities. Footprints is directed by Dr. Ashley Deaton, an occupational therapist and Dr. Kathy Bailey, a physical therapist, who have over 30 years combined experience working with children with disabilities and special needs in this community. They are passionate about helping families to access community events and resources to help their children grow and prosper in their community while participating in activities regardless of their ability level.

We are currently raising funds for our annual summer therapy camp which was held this July for children aged 2-10 with special needs and their typically developing peers. The camp is literacy based and will be provided by speech, physical, and occupational therapists and an early intervention specialist. North Hills Christian School has graciously agreed to host the camp again this summer.

Our upcoming fundraising event for the summer camp is Footprints on the Greens, which is a charity golf tournament at Warrior Golf Club in China Grove on August 14th. All proceeds from the golf tournament will go toward the costs of the summer therapy camp. Hole sponsorships for \$200 are available, which provides an advertising opportunity for your organization to show that it supports this wonderful and worthwhile cause. Tournament sponsorships at the bronze (\$2000+), silver (\$5000+) and platinum (\$10,000+) level are also available.

Please consider supporting children with disabilities and their families in this community with a \$200 hole sponsorship at our upcoming golf tournament. Your sponsorship will include advertisement of your organization on a sign at the teebox of your sponsored hole, in the tournament program, on our organization's website, to families participating in the summer camp, and in any press regarding the event. Please contact director Ashley Deaton if you would be able to offer other donations, such as tournament prizes or supplies for the summer camp.

On behalf of all local families of children with disabilities, I want to thank you for your time and consideration of this request.

Ashley Deaton, Director, Footprints in the Community
